Women attendants operating Electricity Supply Switchboard, Stoke-on-Trent, 1915

Meeting of the Heritage Group (established 1973) in the CIBSE Council Chamber, 2003

[Left to right]: Frank Ferris [Newsletter Editor & Webmaster], Brian Roberts [Chairman], David Drewe [English Heritage], Nigel Seeley [The National Trust], Mike Barber [Hon. Secretary], Ian Stewart [Hon. Treasurer], John Barnes, Christopher Sugg, Linda Bullock [The National Trust], Paul Yunnie [Vice-Chairman], Richard Forster.

Historic England is the public body that looks after England's historic environment. It champions historic places, helping people to understand, value and care for them, now and in the future. You may sign up to our Newsletter to keep up to date with our latest news, advice and listings.

www.historicengland.org.uk

[Twitter@HistoricEngland](https://twitter.com/HistoricEngland)

The Building Services & Emergency Planning Team provide advice on how historic property owners, managers and custodians can reuse, replace or refurbish their building services and improve energy efficiency and control energy use as well as advise on health and safety, security management, fire engineering and emergency planning.

The Building Services and Emergency Planning Team, part of the National Specialist Services Department are the sponsors of the CIBSE Heritage Group 2022 Calendar.

The CIBSE Heritage Group is made up of a number of like minded professionals, many retired, who have spent a lifetime in building services and bring that experience to bear in discovering, analysing and recording the history of the built environment, this essential aspect of the world we live in. Founded in 1973, it is the longest established of the CIBSE Special Interest Groups.

The Heritage website is a substantial resource for historians and architects, designers and engineers, particularly those involved in historic projects including building engineering services with which they may not be familiar. By using the website and/or reference to Heritage Group members, answers may be found to questions which could otherwise add considerably to the time and cost of the project.
