The information and illustrations in this book have been taken from the Archives, Library, Electronic Records and Website of the CIBSE Heritage Group, all of which has been scanned, edited and documented for over twenty years by Frank Ferris, Webmaster and Brian Roberts, Archivist and former Chairman.

Two publications on stoves have been particularly important:

A small selection of the many illustrations in “HEISS GELIEBT Das Öfenbuch,” Lusatia Verlag, ISBN 978-3-936758-56-6 (In German)

Selected illustrations from 107 photographs In the “STOVE BOOK,”
Jo Reid & John Peck,
Mathews Miller Dunbar, London, 1977
ISBN 0 903811 22 7
