Providing business solutions to business problems.

More and more organisations realise the value of having a specialist company take over the day to day responsibility for clearly defined areas of their business.

Tarmac Facilities Management has the expertise and resources required to provide a 'total' solution and offers the most comprehensive range of facilities management services in Europe.

Using the latest management, operational and funding techniques, we provide an appropriate

package, tailored to meet the individual requirements of your business. From the handling of specific projects such as facilities audits and relocation through to the implementation of complete specialist management information systems – we are active in every facet of the facilities management market.

At every stage, from one off consultancy tasks through to the day to day management and operation of complex facilities, the quality of our service is assured.

To find out more about our wide range of services simply call Melanie Parsonage on (081) 332 0233.

Tarmac Facilities Management, 37-39 Kew Foot Road, Richmond, Surrey TW9 2SQ. Telephone: (081) 332 0233.
