BEYOND the REACH of COMPETITION

Henry Vogt ICE MACHINERY

If you are in the market for ice and refrigerating machinery, consider three things:

Simplicity
Efficiency and
Economy

Henry Vogt Ice Machinery offers you these three things.

Simplicity, because it has only one moving part, the ammonia circulating pump, running 26 revolutions per minute.

Efficiency, because Vogt machines are built on the right principles—the Absorption System—the system which we have proved to be absolutely the best and most reliable, both for high and low temperatures.

Economy, because the Vogt machine will do more than its rated capacity the entire year; do it with less expense and less repairs.

Write us for information.

Henry Vogt Machine Co.
Louisville, Ky.
**THE HUETTEMAN & CRAMER CO.**
Established 1872, Incorporated 1894
Mack Ave. and Mich. Central Belt Line, DETROIT, MICH.
Builders of Ice Machines, Condensers, Engines, Pipes, Tank & Copper Work.
Contractors for Complete Plants.
Complete Line of Ammonia Valves and Fittings.
Catalogue on Request.

ICE-MAKING AND REFRIGERATING PLANTS
OF ANY DESIRED CAPACITY.

One of the Many Testimonials Received.

SACRAMENTO, CAL.,
June 20, 1904.
VULCAN IRON WORKS,
San Francisco, Cal.
Gentlemen: Your Mr. Rudy is leaving here to-day for Black Diamond. We are very much pleased to state that the refrigerating plant installed here under his direction is very satisfactory. We feel as though we have the most perfect refrigerating plant on the Pacific Coast.
Yours very truly,
WESTERN MEAT CO.,
Sacramento.
J. W. Dowdell, Mgr.

CLASS D COMPRESSOR—TANGYE FRAME.

Above illustration shows a Class D Ammonia Compressor, Tangye Frame, which we manufacture in single units of from 10 to 150 Ton Refrigerating Capacity. This is a Latest Improved, Up-to-Date Machine, including the following special and important features, viz.--Tangye Frame—secures rigidity and permanent alignment of parts, etc. Cylinder Liner—easily rebored or replaced. Valves provided with Safety Cages—cannot fall into cylinders, if broken. All parts conveniently accessible. Machine can be used with either Wet or Dry Gas. We carry in stock Ammonia Piping, Fittings, Valves, etc.; Condenser Coils, Mineral Wool, Insulating Paper, Calcium Chloride, Anti-Iron Paint, etc.
